

**TECHNICAL BULLETIN**Date: 29 Aug., 2017  
Ref: EW0122**Teriostar2 Enhanced model LP-2060/1040 printers:****Released of the latest version 1.1.7 of Excel Tool**

To: Worldwide Business Partners,

This bulletin is intended to notify all partners that "User Maintenance" of Excel Tool upgraded the version.

Changes:

- Version upgrade to 1.1.7 from 1.16. (format of version has been changed)
- The printer's Proxy Printing function has been supported.  
This function is available in Teriostar LP-2060 and LP-1040 series firmware version 3.10 or later.

***For details, see the file "LP-2060\_LP-1040\_Additional function guide for the printer firmware version 3.10\_EN" and "ExcelTools\_Manual01\_E".***

There is no change in "JobLogTool v1.1.6".

You can download the tool from the following URL.
