When setting up the Teriostar for the first time out of box you want to change the print and copy meter to read in Sqft. Here are the steps on how to do this function change:

Select the Menu button on Teriostar

Go into Maintenance mode by pushing the following buttons: Enter, Cancel, Enter, Enter

Which will bring up the screen below.

•		
Enter your login name and password.		
Privilege Level	User	
Login Name	maintenance	
Password	******	
		Log In

Type in the following:

User Name: Maintenance

Password: tktk2010

Once this function is complete you will see the **RED** wrench in upper left corner on screen like picture below.

7		
Enter your login name and password.		
Privilege Level	Maintenance	
Login Name	maintenance	
Password	*****	
		Log In

Select Login button, select page 2 (Will show you the scrren below), Select Stanby Screen Display button.
